

Multi-layer Flooring Systems

[FeRFA Type 4]
> 2mm thick

EXAMPLE SYSTEMS

Manufacturer	Product
/ Altro Ltd	AltroGrip, AltroGrip Quartz EP
/ BASF Plc	Mastertop 1300 Series
/ Flowcrete Ltd	Peran STB
/ Resdev Ltd	Pumadec

EXAMPLE ENVIRONMENTS

/ Food & drink packaging	/ Engineering works
/ Electronic manufacture	/ Warehousing
/ Pharmaceutical production	

These lists are not exhaustive. Please contact our office for further information.

What we do

Lasercroft Limited are applicators of resin flooring systems, produced by the leading manufacturers in both the UK and Europe. Using directly employed, specialist, skilled operatives in both the preparation and application of seamless resin flooring systems, we can offer you a sustainable solution to fulfill your flooring requirements.

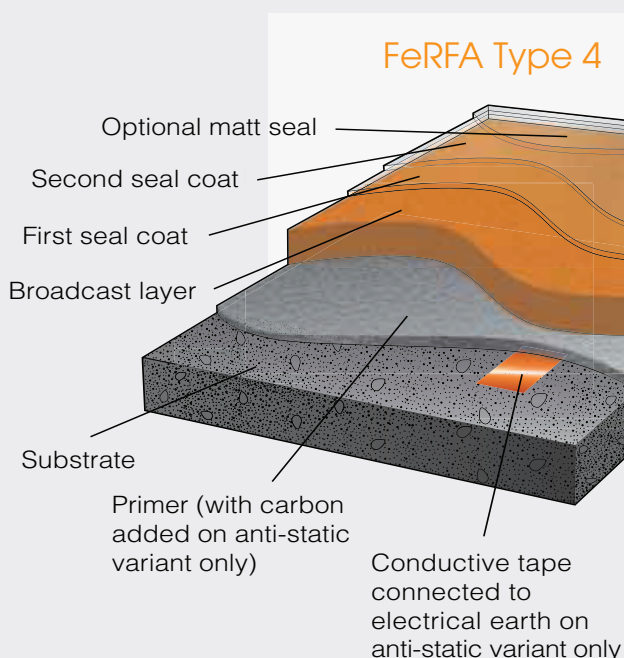

Preparation is vital. Utilising specialist 'enclosed, recoverable' shot blasting, diamond grinding and mechanical preparation techniques, Lasercroft have the capability to undertake the majority of flooring projects.

Lasercroft's personnel have an impressive reputation for providing a reliable and comprehensive service, using experience gained over more than 35 years.

We have **seven core products** which will provide most flooring solutions:

- / Heavy Duty Slip Resistant Polyurethane Resin Screed [FeRFA Type 8]
- / Heavy Duty Flowable Polyurethane / Epoxy Screed [FeRFA Type 7]
- / Screed Polyurethane / Epoxy Flooring [FeRFA Type 6]
- / Flow Applied Polyurethane / Epoxy Flooring [FeRFA Type 5]
- / Multi-layer Flooring Systems [FeRFA Type 4]
- / High Build Floor Coatings Medium Duty - Solvent Free* [FeRFA Type 3]
- / Floor Coatings Light / Medium Duty - Solvent Free* [FeRFA Type 2]

Typical system build-up:

Features and benefits:

- / Abrasion resistance
- / Acid resistance
- / Antimicrobial
- / Anti-slip
- / Anti-static
- / Channel linings
- / Coved skirtings
- / Dimensional stability
- / Fast cure time
- / Floors to falls
- / Freeze / thaw cycle
- / Hygienic - seamless
- / Impact resistance
- / Long term durability
- / Low odour - non-taint
- / Minimum disruption
- / Rapid application
- / Solvent resistance
- / Stainless steel drainage and kerbing

Environments:

- / Abattoirs
- / Brewing
- / Channels
- / Chemical
- / Commercial
- / Educational
- / Electronic
- / Engineering
- / Explosive
- / External areas
- / Food preparation
- / Kennels
- / Military
- / Pharmaceutical
- / Walkways
- / Wash room facilities
- / Waste facilities
